

THE HOUSE SYSTEM IN WHITBURN ACADEMY

Throughout your time at school you will belong to a House. We have five houses: Bruce, Douglas, Wallace, MacDuff and Stewart. Our House Support Teams are there to help with many different decisions and problems. The aim of the House system in Whitburn Academy is to afford everyone the opportunity to achieve his/her potential

Your House Team will:

- LISTEN to your hopes, ambitions, successes, concerns and needs
- DISCUSS your progress and achievements in and out of school
- ADVISE on personal matters, strengths and weaknesses, subject choices, career pathways and Further and Higher Education

In short SUPPORT YOU from now until you leave Whitburn Academy

Your House Team are responsible for:

- helping you be all you can be
- helping you to learn about relationships with others
- providing you with information on careers and subject choices
- discussing your subject reports and setting targets
- writing reports about you
- keeping all information about you in one place
- communicating with your family
- keeping an eye on your attendance

Whether it's for advice or congratulations TALK to your House Support Worker, Head of House, or your mentor (if you have one).
